

Ref: 01759

Townhouse, Marxuquera

120,000€

This fine Townhouse is next to the Chapel. As you enter from the side you walk into an open plan dining and sitting room. There is also a large room leading off of this area which could be made into a large kitchen. There is also a large cupboard under the stairs that could be made into another shower room As you walk upstairs you have 2 bedrooms, 1 double with fitted cupboards and 1 single also with fitted cupboards. There is also a beautiful room which at present is the open plan kitchen, with all new white goods installed. and small snug, this area could be moved to downstairs and the upstairs made into another bedroom. There is a family bathroom on this floor. I would like to stress in this listing that this house is very negotiable in price and would be well worth putting an offer in.
